This initiative aims to cultivate innovation, logical reasoning, and digital literacy in young learners by engaging them in creative, festival-themed technical challenges. The competitions will focus on practical applications in coding and robotics, encouraging students to explore modern technology through creative and engaging hands-on experiences.

We request your active support in facilitating that this information is sent to all Heads of Institutes to encourage maximum student participation.
We look forward to your continued cooperation and support.

Yours Sincerely

04/08/2026

[Dr. Vijay Menino Jesus Borges]
